The way companies present their financial performance is about to change. After years of development and extensive consultations, the International Accounting Standards Board (IASB) has introduced **IFRS 18 – Presentation and Disclosure in Financial Statements**, effective from January 1, 2027.

This new standard, which supersedes IAS 1, represents one of the most significant overhauls in financial reporting in recent years. It aims to provide investors with a clearer, more organized view of a company's performance.

Our "**IFRS / MFRS 18 in Practice : For Accountants, Preparers and Auditors**" training provides essential insights and guidance on navigating the changes brought by **IFRS 18 / MFRS 18**.
